A town municipality which has enjoying the privilege of electing its own president is now declared to be a City Municipality. The minister calls for opinions as to whether the privilege automatically forfeits, or whether the Council has to pass a resolution & submit the same for approval of Govt. or whether, [illegible] consensus not given such a privilege ceases on a municipality becoming a City

Section 52(2)(c) of the Municipalities Act provides that if the Government so directs, the resident Magistrate elected by the councillors from among their number in accordance with the rules prescribed in that behalf shall be the Mayor & officer in charge of the City Municipalities etc in addition

Section 9 provides for the conversion of Town Municipalities into City Municipalities. Section 9(2) provides that any appointment, notice, order, etc, issued

under t e ysore o/n unicipalities ct in respect of a municipality decl red as a City municipality, so ar as is not inconsistent it tre provisions of this ct, and any appointment, notification, order etc issued under any other law in respect of such municipality shall continue in force and be deemed to have been made or issued under the provisions of this ct or such other law in respect of the City unicipality constituted by such declaration, unless and until it is superseded by any appointment, notification, order, etc issued under this ct or such other law. The e-fore, the privilege of electing its own president conferred on a To n municipality continues even after the to n municipality is converted into City unicipality and no fresh notification is necessary

In view of the above opinion & in modification of my previous note on the subject-note dated 26/12/48 on 26/12/48 there is no necessity for a fresh notification or a resolution, & therefore the Municipal Council be authorized to elect its own President from among its Councillors, from among their number. The needful can be taken in the matter.
